Dear Colleagues,

As of November 2023, we have published the fourth issue of Journal of Pulmonology and Intensive Care (JoPIC) under the shield of Medihealth Academy. In addition to all researchers, referees and editorial board who contributed to the preparation of the journal; we would like to thank the printing team for their effort in preparing it for publication. Our main purpose in realizing the idea of this journal is to create a new platform for research that we believe will contribute to the literature in the fields of Chest Diseases and Intensive Care, as well as to increase the motivation of researchers with fast and effective article evaluation and publication processes. This fourth issue includes four original research, and a case report. Periodicals are popular with their readers and researchers. In the upcoming period, with your support, our goal is for JoPIC to be indexed in nationally and internationally accepted scientific indexes. I would like to thank you in advance for your contribution.

Assoc. Prof. Dr. Berna AKINCI ÖZYÜREK
Editor in Chief

Volume: 1 Issue: 4 Year: 2023

ORIGINAL ARTICLES

The role of clinical pulmonary infection score and some infection biomarkers in diagnosis and follow up in hospital acquired pneumonia..... 79-85
Satar S, Şakar Coşkun A, Göktalay T, et al.

The role of malondialdehyde in the evaluation of the treatment response in acute pulmonary thromboembolism..... 86-90
Arı M, Yücege MB, Arı E, Aydın FN.

Role of serum melatonin level in COVID-19 mortality and hospital admission91-95
Yılmaz Aydın Y, Yurtseven A, Ensarioğlu K, et al.

The relationship between level of procalcitonin and mortality in patients who have been followed for solid organ malignancy with febrile neutropenia..... 96-102
Yeşil B, Yıldız M.

CASE REPORT

Alveolitis as a result of dust chlorine exposure103-105
Türkdağlı H, Çelik D, Lakamdayalı H, Yetkin Ö.
